OPULENT

LIVE COHORT · THE 7 STAGES OF AI

# STOP RENTING AI TOOLS. BUILD THE SYSTEM YOU OWN.

Six live sessions with six other people from your city. You build a working AI system for your own business, stage by stage, then show it at an in-person capstone.

## SOUND FAMILIAR?

### TOOLS, NOT A SYSTEM
Ten subscriptions that don't talk to each other, and nothing that runs without you.

### VIDEOS DON'T STICK
Self-paced courses get bought, started and abandoned.

### NOBODY TO BUILD WITH
No one around you is building this, so there's no one to check your work.

## SIX SESSIONS, A BUILD, A CAPSTONE

**01** **YOUR FIRST TRAINED ASSISTANT**
Trained on your own documents and voice.

**02** **THE BUSINESS BRAIN**
Your knowledge base and SOPs, then assets made from it.

**03** **AUTOMATIONS**
One automation that runs itself, with approval gates.

**04** **AGENTS THAT ACT**
An agent with tools, scoped permissions and a log.

**05** **ASSEMBLE THE MACHINE**
Everything wired together, tested and cost-capped.

**06** **FOUNDER AI**
Package it as an offer; write your build brief.

**B** **GUIDED BUILD TIME**
Build your system with office hours.

★ **SHOW IT, IN PERSON**
Demo it to the cohort, in person or online.

## WHAT YOU GET

- ☑ **A working AI system**, built on your own business, tested on real cases
- ☑ **Your business brain**, knowledge base, SOPs and prompt library in one place
- ☑ **An offer you could sell**, what you built, packaged the way The AI Offer teaches
- ☑ **Six people in your city**, who built alongside you

### 7 PEOPLE. YOUR CITY. YOUR PACE.
A cohort opens when seven people from the same city are on the list. Meet weekly, or twice a week for a rapid cohort. Capstone in person, with a live online seat if you can't be there.

| INVESTMENT | COHORT | FORMAT | CAPSTONE |
|---|---|---|---|
| $1,000 per participant | 7 people from your city | 6 live virtual sessions × 2 hours | In person, or live online |

## SAVE YOUR SEAT

No payment to join the list. When 7 people from your city are in, we send dates and the $1,000 enrollment link. Taught by Daniel Armstrong, founder of OpulentBots.
